

1% BUSHMASTER™ 'A' CLASS FOAM™

Australian made and owned, 1% BUSHMASTER is completely bio-degradable and non-toxic. With 1% BUSHMASTER containing natural products, assists the regeneration of native flora after fires.

1% BUSHMASTER is a *Faster Wetting, Deeper Penetrating* with less evaporation and run off! These features help to save water, control bushfire attack more effectively. 1% BUSHMASTER is deeper penetrating into wood & materials, which wets faster than water alone.

1% BUSHMASTER - IT WORKS !

- *Covers with a fluffy foam blanket to cut out the oxygen from the fire.*
- *Absorbs the heat from the fuel for more protection.*
- *Cools the fire by releasing encapsulated water from the foam to the fire.*

1% BUSHMASTER - Use on Tyre Fires!

Alternative to using copious amounts of water and time, 1% BUSHMASTER is specially formulated as an ultimate wetting agent to penetrate the rubber where water alone just runs off. Using 1% BUSHMASTER brings safety with reduced fire fighting time and less environmental damage.

1% BUSHMASTER - Versatility

1% BUSHMASTER has a wide range of applications and use. Depending on the level of proportioning of 1% BUSHMASTER gives you a wide range of uses from Asset Protection to Mop Up.

With a wide range of applications 1% BUSHMASTER can be applied by ground crews or from aerial bombers, which can lay a thick & long lasting foam blanket into the bush.

When added to water 1% BUSHMASTER can expand the volume of water up to ten times! Adding 1% BUSHMASTER to your water and then aerating the mixture this gives you a stable foam blanket and makes it last longer and even absorb more heat!

1% BUSHMASTER - Visibility

1% BUSHMASTER is easily identifiable from all areas, from the Air to the Ground, which helps in making fire breaks and repeating previously applied areas during mop up.

1% BUSHMASTER - Packaging

1% BUSHMASTER comes to you in easily identifiable pails with convenient colour coding and easy to read labeling, giving you the right product for the correct fire every time. 1% BUSHMASTER is available in 20Lt Pails, 200Lt Drums & 1000Lt Bulk Tanks.

1% BUSHMASTER - Application

With 1% BUSHMASTER you can simply add the concentrate to a tank of water or use conventional proportioning equipment, from in line injection / eduction to around the pump.

Rates of Application listed below;

• MOP UP	0.25%
• INITIAL	0.50%
• BACK BURN	0.75%
• PROTECTION	1. 0%
